<p><b>Why is it important to read (or be read to) after school?</b></p> <ul style="list-style-type: none"> <li>• Children have enough time in school to learn the basics of reading, but <b>not enough time</b> to become fluent readers.</li> <li>• Kids who read below level in the 3rd grade are much more likely to drop out of high school or to be imprisoned later in life.</li> <li>• Extra daily practice, as little as 20 minutes per day, can make a huge difference in someone's reading skill level over time.</li> <li>• Once reading gets easier, that's when it becomes fun! Enjoyment of reading is a huge predictor of success in life!</li> </ul>
